The house is located on Reina Victoria Street in the center of the city, a step away from the river, and a step away from the Elche City Hall, you just have to walk around the area and see for yourself, the vibrancy of the people, the smell of life that the street gives off in every corner. With endless services, you will have everything at your fingertips with just a few steps, surrounded by shops, restaurants, and all kinds of professionals from all sectors. But the best you have in the house, all exterior except for just one of the rooms, it is not the top floor but being on the fifth floor, so it is super bright, with a balcony and also a terrace where you can enjoy the sun and the atmosphere of the city at any time, you can go out to have a coffee and read the newspaper in a relaxed manner.
