Commercial premises in Torrellano, central area, with a surface area of 68 square meters, located at street level. It features large display windows that offer excellent visibility from the outside and allow abundant natural light to enter. The interior space is completely open-plan and highly versatile, with dark gray ceramic flooring that adds a modern and professional look. It includes a bathroom in good condition and a wall clad in natural wood that brings warmth to the environment. Additionally, there is an area separated by glass blocks, allowing different spaces to be defined without sacrificing brightness. The premises boast high ceilings with built-in lighting, enhancing the sense of spaciousness and elegance. With direct street access, this is an ideal property for either an office or a retail business, thanks to its strategic location in the center of Torrellano and excellent external visibility. It is ready for immediate use without r...
