If you need a spacious house and, in addition, workspace or leisure space in the form of a warehouse and workshop, here's your unique opportunity. The property is very well connected, located next to the junction of the A-7 motorway and the CV-84 regional road, which connects Elche with Aspe, providing quick access to your property. This gives you an added advantage for your daily life. The house, with a constructed area of 272 m², features a practical ground floor with a welcoming porch area opposite the main entrance. Here you'll find a large kitchen with a breakfast area and access to a huge living room, which leads to a double bedroom and a bathroom. The upper floor has four double bedrooms, two of which have access to a terrace. But the real added value is the nearly 5,000 m² plot, with unobstructed views thanks to its elevation relative to the access road. On this plot, there are auxiliary buildings such as a large warehouse/worksho...
